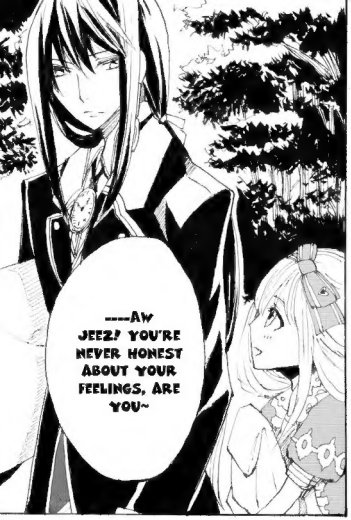
There are 3 designs, in 3 color patterns: "Glaring Red Lie", "Evil Pretending to be Pure White", and "Black but a Pain to Deal With"! Everyone please purchase one!
90% of the earnings from sales of this charity t-shirt will be donated to me!
This is a project meant to save my poor self, since I always end up like a movie villain.
Love will save me! I will now explain the "SAVE ACE PROJECT"!
TA-DA!
SAVE ACE PROJECT
HEY NOW, DON'T LIE.
Ace... Are you trying to make something R-rated?
DO WHAT?!
"How many times can you do it within a time limit"...or something like that.
And I want to include some sex scenes and some record setting.
hmmmm
"Definitely" how?
It's hard to tell.
hmm
I definitely think the project's first goal should be making a movie where I'm the hero!
EHEM!
Sigh...
IF YOU DID I'D KNOCK YOU OUT!
I didn't say anything about XXX or XXXX, did I?
Sheesh, you guys have such dirty minds~
Do something like "The Crab and the Monkey".
HEY, ISN'T THAT PLAGIARISM?
But what story would work well for this part?
For that part, Hansel and Gretel would be good~
hmmmm

T\N: Japanese folk story in which a monkey kills a crab and the crab's children later take revenge, killing the monkey.

step
You're going out? That's unusual.
I was just thinking about going to your place.
step
Julius!!
I made some treats, and I thought I'd bring you some.
...Why?
I also stopped by the Castle Of Hearts and the Amusement Park.
Shall we die?
~JOB~
"No reason"...? Like I said, the snacks...!
That's just like you, visiting even though you have no reason to.
Ah,
These snacks aren't sweet, ok?
They're ginger cookies
IF you don't want them, that's fine too...
sigh...

RUSTLE
I'm just being a bother...
...That's right. Julius is always working. To him...
...Snacks wouldn't seem like much of a reason to come by.
RUSTLE
RUSTLE
RUSTLE
RUSTLE
.....I'm sure living with a tea-crazy landlord
Must have weakened your coffee brewing skills.
HMPH!
THAT'S NOT TRUE!
....Well then, prove it to me.
RUSTLE



-----Aw jeez! You're never honest about your feelings, are you~

Hurry up.
Huh...?

step
...Coming!

Like I would, yeah?

I was hoping you'd invite her more naturally.
SHIFT
!?

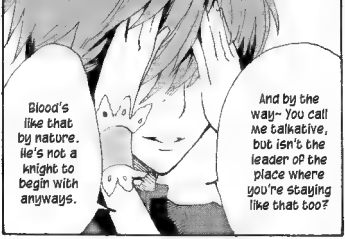
While hiding your presence, even from me?
What rubbish. "Naturally"?

But Julius, if you'd known I was there, you would've been even less straight-forward, right?
You think so too, don't you Alice?
Eh?
ACE?!
Hey!
I was heading back to the Clocktower, but it seemed like the time was going to change before I got there, so....
What are you doing out here...?
rustle
rustle
Tent
You can see the Clocktower from here, you know.
WHAT?! NO WAY!
Where?!
It's the other way.
Let's go.
THERE

...gulp...
How... How is it?
60 points.
Wha-
That's lower than before!! What's wrong with it?!
Think it over on your own.
You two are really close! I'm getting jealous.
Hahaha!

BUTTING INTO THINGS YOU DON'T UNDERSTAND AGAIN..
This place is so comfortable~ No scary old hags or noisy rabbits like at the Castle of Hearts.
I want this to be my home. Alice, you should join me!
Yeah, let's do it
TICK
TOCK
Don't just take over the conversation!
This Clocktower is like a tent or a sleeping bag for me.
If only I could carry it with me...
Along with Julius and Alice.
Huh,?!
Don't be ridiculous.
Finish your drink and go home!!
RUMMAGE
Aaaw, but I finally got around to gathering these so I could cook them for you, Julius!
THEY'RE ALL POISONOUS.
jumble
It's fine! Although people who aren't used to them may pass out.
Don't just assume I'm resistant to poisonous foods like you!
Hahaha! Aaaw, you're making me blush!
SLAM
That wasn't a compliment!
...You two are really close, I'm getting jealous.
murmur

Which one of us are you jealous of?
Now even you're saying crazy things...
BOTH OF YOU, LEAVE!!
Eeeh, how mean--
What, are you stupid?
Isn't that obvious?
Julius?
"Mouth off"? But all I did was say what I was thinking.
You okay?
Wheeze
Wheeze
NIGHT FALL
And on top of that, we went in a weird direction and ended up on some animal trail, and now the time period has even changed to night, and this is absolutely the worst!!
--------And because you had to mouth off like that, he kicked me out too!
CHUCKLE
Wouldn't it be cooler and more knight-like if you said less? Or better yet, said nothing at all!!
And don't touch me!
Ah!
Sniff
...You talk too much!



Blood's like that by nature. He's not a knight to begin with anyways.
And by the way~ You call me talkative, but isn't the leader of the place where you're staying like that too?

COVER
Ahaha
You sure are giving a lot of orders! You told me to stop talking, so I was just looking.
...D-DON'T STARE!

Now let me go! We have to get back quickly.
THAT'S JUST HOW IT IS!
That's unfair!
But wait, why aren't knights allowed to talk?
HMM... So you're on the Hatter's side?
slide

At least have a cup of tea with me.
Hey, don't be like that.
Pat
Pat

No thank you. If we've come this far, the Hatter's Mansion must be close.
Eeeh
But it's already dark, let's just camp.
Look, I've already put up a tent
Where did you even pull that out from?

After all, tea is better when shared, isn't it~
Isn't it?
Sniff

If I notice even a hint of another presence I wake right up.
Haha!
Even on beds I don't sleep soundly.
I have a lot of enemies, so I can't know when an assassin will come after me.
You sure can sleep well on the bare ground.
But without a bed surely you can't sleep very soundly, right?
CRACK!!
That's... Don't you ever think you'd like to relax some?
Here, if you just ask Night-Mare...
Hmm.
I'm already used to this life-style, so it's fine.
Well, assuming I will sleep properly again, it would have to be...
GRIP
WHEN I DIE, PROBABLY.
...Sure, in this world where battles break out all over the place, even being killed randomly isn't that strange.

crunch
Th... Thanks.
It's a good time for a snack, isn't it?
Eh?
Here.
But... Always having to be alert and on edge... It's sad.

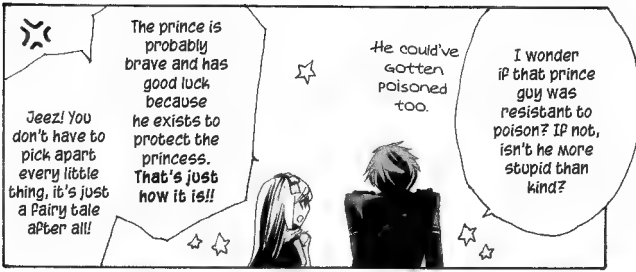
That's careless of you.
crunch
Danger wasn't nonexistent in my original world, but...

What would you do if there was poison in that?
munch munch
Eating something given to you by someone else without even being on your guard...
?

Y-You wouldn't do anything like that to me though, right?
HAHAHA
Of course not! That assassination method is boring!
Then I wonder what method would be fun...
....A poison apple, huh? It's not like this is that story...
"That story"?
Yeah.
A fairytale from my original world.
RUSTLE
...Eehh...
To cause instant death with only one bite of apple, that must have been pretty strong poison.

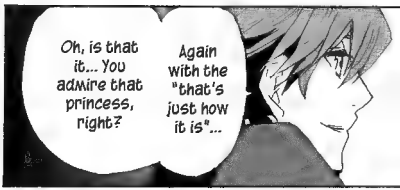
toss
And then that prince? It's pretty nice of him to kiss a corpse he just met, isn't it?
And it would've worked out better if the dwarves had made her cough it up right away.
She was probably just that attractive.
Don't call her a "corpse"!
They probably panicked.

crackle
But it was also naïve of that princess to just bite into something a creepy old woman gave her.
I'd love to hear what it was made of.
She probably didn't think to mistrust people.



Jeez! You don't have to pick apart every little thing, it's just a fairy tale after all!
The prince is probably brave and has good luck because he exists to protect the princess. **That's just how it is!!**
He could've gotten poisoned too.
I wonder if that prince guy was resistant to poison? If not, isn't he more stupid than kind?

Well, if it's me I should be fine, even if my luck's pretty bad.
move
?



Oh, is that it... You admire that princess, right?
Again with the "that's just how it is"...

BITE
That's a little too out there to be funny.
Now where did you get that?

...
Nn...!
Mm...
nh...
Mm...
CRACKLE

"Thanks for the"...?
!!
swallow
What did you just take...?!
HM?
From someone else's mouth no less!!
munch munch
PANT PANT PANT PANT PANT
Wh... What was that... out of nowhere...!
MM... Thanks for the treat.
...And if you weren't resistant to it?
Dying together wouldn't be so bad, would it?
Well, I'm resistant to most poisons.
So even if you ate a poisoned apple, I'd be able to save you.

Hey
...is this person suddenly...
reach
---Why...
...!
...saying things like this...?
Why don't we try to die together like this?
Death by sex-
GO DIE ON YOUR OWN!
WHACK
Poisons don't really work on you, right? And I can't use a sword...
H...How?
You're right. Then, maybe...

I can't believe you!
Pulling out your weapons so quickly
POINT
FOR NO REASON!
At the very least, stop pulling your sword out for every little thing!!
Julius, shut up!
Right, I didn't...
I felt like Peter contributed to the earlier fights as well, though...
And even though the ball is finally happening, now it's not just Dee and Dum falling from the ceiling, you're doing it too! I'm fed up!
Every time you come face to face with Peter you start a gunfight!
Now now...
What do you think would've happened if Julius hadn't held you back?!

But I'm not really pulling out my sword for no reason?
My opponent is a strong roleholder, so if I don't pull out a weapon, I'll be in trouble.
Most faceless will run away if I just show them my sword.
I don't have to use any more energy than that, really.
Well if energy is the issue here why don't you exercise or something to get rid of it?
sigh
Ace, that's enough from you.
KNOCK KNOCK
Pardon me.
Good idea! You can join me!
Doing what?
GRIP
We're going to exercise~♪
WHAT SORT OF EXERCISE?!
Yes, come in!
CLATTER
CLATTER
CLATTER
I have some tea and light snacks~
Thank you.
WOW!
HM? On whose instructions?
Her Majesty the Queen's.

Bon appetite!
Taking us into consideration despite the demands of hosting the party...
I'll have to thank Vivaldi afterwards!
Do these have rose jam on them, I wonder? And these scones look deli-...
grab

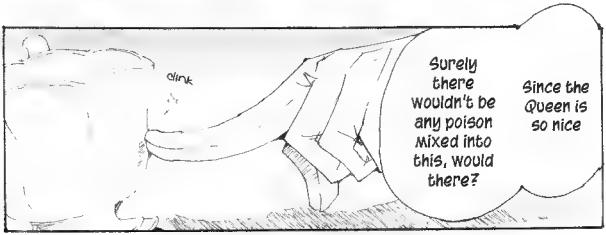
It looks tasty!
For us too?
Yes.
Oh...? There are some nice things here as well.
Perhaps it's prepared especially for the ball...or something like that?

Who put you up to this?

Hey, what-?
Sorry, I didn't ask clearly.
Maybe I should say...

!?
N...No... I didn't do...
FLINCH

Haha!
I guess so.
Vivaldi is really a nice person, you know? You're being rude.
Ace!! You're upsetting the maid.
I wonder if we would've left it to chance if you had called Alice over...
N...No, this time, it's really...
If you had just been told to give them to Alice, I would have understood.
There's no reason Her Majesty would bother sending us these things.
It's the Ball, after all.



clink
Surely there wouldn't be any poison mixed into this, would there?
Since the Queen is so nice

"GASP"
bump

Or, even better, shall we get the Dream Demon to read your mind?
slide
We could figure out if this was truly from Her Majesty by asking her ourselves.

A-Are you alright?
Not burned?
Whoops!
Like I said, there's no need for you to worry, Alice.
WHOOSH
CRAAAASSH
BANG
BANG
SLAM!
Looks like that knife was there for the maid to throw,
And the falling pot was the signal to call her friends.
CREAK

MARCH
MARCH
'Friends'?! But aren't these all your people?!
I don't remember training our people to get involved based on just a noise without checking who's inside first.
They're in the garden too. At most, around 20 people.
Retrain your guards the right way. You're a terrible boss.
Well, I'll take on these guys and clear them out. Julius, you look after Alice.
Sure, sure
And Alice-
W-Wait, this is...
slide
Hold onto it.
Here!
It's a weak man who resorts to weapons immediately, right?

Sorry.
I forgot.

Hey, sorry for the wait.
First off, should I ask what you planned to do? Am I enough entertainment for you, I wonder?
STEP
mutter
Fighting this many people unarmed? He's mocking us...
Don't mind him, just go in.
mutter

You hurt our friends. Saying you forgot is no excuse.
You, and the Clock-Maker.

Well, I should apologize then, huh.
Is that right?

Um
...What in the world...?
hoo

He...he really beat them unarmed ...
!!!
I'd rather be a stranger...
Ah, don't worry, you aren't either, Julius!
But Alice isn't a stranger?
...So you'd just leave your sword with a stranger, would you.
Yes sir!
Take them away!

turn

Not like Dee and Dum...Truly dangerous people. It might be better to call it a battle than a ball.
My throat's gotten a little dry.
Is that water? Could I have some, maybe?
Yes.
I have some here
hehek
So many people attend the ball. Bloodshed is against the Rules, but you should take care, there are also people who break in.
Yes.
Are you alright, young lady?

swallow
!!
ALICE!!
?
Oh?
Alice~ Let's go-...
Sir Ace, we have prepared a new room.
BA-DUMP
COUGH
Th... Throat
CHOKE
HURTS
Can't breathe
CRAAASH!!

Ace, what is it?!
She's not breathing!
SLam
Alice!!
What?!
Get her!
Why didn't you doubt her...!
...After all this-

These symptoms ... Is it the canyon berry? She drank it right?
Move. I'll do it.
GRAB
She isn't as durable as your subordinates.
Wait!
Yeah... It was only one sip, and while that's not enough to poison her whole body, it makes it hard to breathe.
And if it enters the bloodstream in high concentrations it can cause death from shock.
press
press
I doubt she had a cut or anything in her mouth...
...inhale
...She's not waking up. Does this not work for people who have hearts...?
Julius.
Move!
Heheh
I hope you understand how we feel when our loved ones are murdered.
press

EXHALE
cough
cough
cough
...!
...THUMP...
...inhale

dash
Hey, we still need to take care of the poison-
I know.
lift
cough
Alice! Can you hear me?
...Julius
...Ace...
BANG
SSSSHHH
drop
kerspLoosh!!
Ace...?
That's enough aire-!
Pull
cough
That's right, drink more water.
gulp
Wa-, What are you, Ah-!
splash
cough
cough
cough
Don't push my head under!
cough
HACK
cough

!!
gulp
gulp
gulp
Would you rather I make you drink, mouth-to-mouth?
GET AWAY FROM BIG SIS!!
DASH
Are you trying to make her catch a cold or something?
Plus there are plants that only grow in clear water blooming here, but...
This fountain draws directly from a spring, so it's relatively safe.
tap
tap
FSSH
We won't forgive you.
If you've done something bad to Big Sis...
BANG

Shut up!!
Hahaha
But I said I wasn't!
You were attacking her more than protecting her!
Lift
Ignore them.
Those three...?
BANG!!
Am I the villain? You twins sure seem more knight-like than me right now.
BANG!!
crunch
Step
Big Sis! We'll protect you, 'k?
dodge
whoosh
Whoa
Dee! Dum!!
But I was saving Alice?
It seems your treatment was enough.
...In this state, there's no need to worry.
I'll be in the room next door. If you need anything, let me know.
For the sake of her health, she should rest a bit.
Thank you very much.

And I don't remember what happened after that.
I drank some water and then there was pain...
But when I opened my eyes, what I saw was...
!!!
...close...
Hey. How are you?
That's great.
Terri-ble.
.....

What are you trying to...
Or would you rather drink poison again and have me perform CPR?
When and where did you come in?
What is great about it?
From that window up there, after I gave the Twins the slip
You could forget unpleasant things, but
If you did, you'd do those same things again, and something even worse might happen.
You don't remember? You couldn't breathe and were going into cardiac arrest, so Julius did chest compressions while I gave you CPR.
C... CPR?
You may be resistant to some poisons, but that doesn't mean performing C... CPR wasn't dangerous!
M...More importantly!
If my luck ran out we could've just died together.
Like I said before, right?
Something wrong?
Hussshhh
Julius did chest compressions?!

HUH?
I love you.
So much that I wouldn't even mind dying with you.
HMM
Because I love you?
BUT!!
I'm not your family or your lover. Why would you risk your life for me?
Is this a confession?!
You make it sound like your own safety is awfully unimportant somehow...
And my life is just as unimportant.
Why do you think it's so important?
You... And the people of this world
Why do you treat life so lightly?
SLIDE...
That's-...
BRUSH

SLIIDE...
STOP
...SLIDE...
!!
Because there's a heart in here?
It's incredible. In the world you lived in, everyone had one of these ...
...That seems fairly normal to me.
Do you want to go back?

But ...
I lost the small bottle ...
!!
Yes. Very important.
...Ahh... You'd said that was something important.
Important, huh...
Lift

Maybe there's a side of Ace I still don't know...
For just a moment ...
I hope it turns up.
...his smile disappeared.
Right! So I have to find it quickly.
Sometimes he suddenly looks like a different person.
These sudden moments could be his true feelings.
Maybe he doesn't notice it himself, but...

Yeah... Thanks for saving me...
It's no problem. Are you unharmed, young lady?
I've patched you up for now, but you should go to the hospital for more...
Heh... I'd prefer you expressing your thanks not just with words, but with actions as well.
Is it ok to punch someone who just got hurt?
Slide
Clinch
Jeez.
You really don't know when to stop talking (or touching).
Almost like---
...
I had never seen Ace like that.
Even though he was smiling, his eyes were cold.
And scary...
Shiver

...But...
Just for a moment... I felt like his eyes changed.
That was...
SHIFT
Now, what in the world could you be thinking about?
N-No-thing -
Is that so? Nothing, even though you're with me.
Surely there's no reason you would be thinking about another man.

I... I was just worried-...
Y-Yeah! I was thinking about that small bottle!
Oh?
It's important, so I need to find it quickly...
You promised to join my tea party next time period.
IP you intend to return by then, you'd best start looking.
I'll be back on time!
OP course. It would be unthinkable Por a young lady to break her promises.
IP you are late... I will go out to meet you.
Well then, I'll see you later!
TAp
TAp
TAp

YOU SHOULD CONSIDER THAT YOU MIGHT BE FORCED TO BREAK IT...
But...
CLINK
Huh? Usually you ignore me, or say "Be more careful" or "Wipe them off before you bring them over".
But this time you thank me? That's new.
... Thanks for your help.
Here's what I got this time. I got lost on the way here, so I'll bring the rest another time.

That's just like you, Julius.
I love you!
.....
Ha ha!
She was taken in by the Hatter.
Alice left me, you know.
THAT'S DISTURBING.
... Alice ...
...I guess you're right.
She was originally staying with the Hatter anyways, wasn't she?
.....

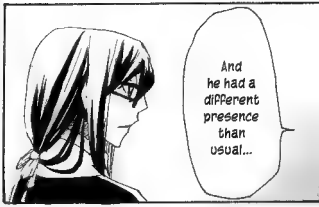
Ace? I've not seen him since the ball.
Hmmm...
I noticed the knight near the woods, but...
Going to meet him after pushing him away...
That would be too easy, wouldn't it.
Even if I could see him, I don't know what I would say
But...
...--It's a plant species that grows in valleys.
It resembles an apple, but it's a bit thinner and smaller.
If eaten, it can cause labored breathing, but...
If you act quickly to maintain circulation and breathing, there is a possibility of recovery.

Ace is resistant to most poisons, so even if he drank it he wouldn't die immediately.
But at the time I didn't know if he had a cut in or around his mouth.
But wouldn't helping be dangerous too? Especially... mouth-to-mouth.
Doing chest compressions on the clock -or in your case, heart- and giving mouth-to-mouth resuscitation.
Act ...?
CLUTCH
CLUTCH
So it really was a dangerous poison...
CLENCH
And despite that, Ace...
Once that stuff gets into the bloodstream, it spreads quickly through the body, and can cause death from shock.
The Hatter should also know about it. He probably has the real thing, too.
You didn't come just to talk about this poison, right?
EH ?
"And My life is just as unimportant."
THROB
Anything else ?
Ace, right?
UM ...
I couldn't say I came looking for Ace, so I just asked something without thinking...

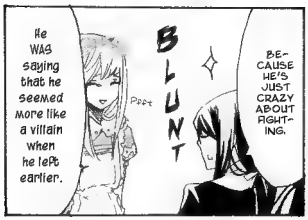
He's the Knight of the Castle of Hearts, but at the same time he's also my subordinate.
The people of this world have clocks instead of a heart like yours.
I'm sure you know that when we die, our bodies disappear, leaving only a clock.
Ace retrieves those clocks and brings them here.
And then I fix them.
...!!
Do you understand now why I'm sometimes called the "Mortician"?
When you do this kind of work, it's easy for people to hate you.
Like those people who attacked us at the ball...
While Ace holds the role of the Knight, He does this work as well, secretly.
... I've seen him.

In spite of myself, I... ended up running away.
It was... scary.

He was wearing a robe, and had bloodstained clocks hanging around his neck.
It's a pretty shabby disguise, isn't it.
Heh

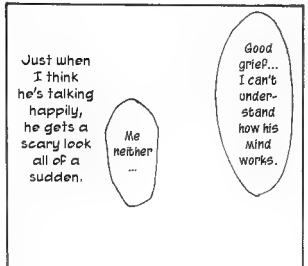


And he had a different presence than usual...



He WAS saying that he seemed more like a villain when he left earlier.
Pppt
BLUNT
BE-CAUSE HE'S JUST CRAZY ABOUT FIGHT-ING.

Sigh...
Regardless, he prioritized fighting with the Hatter without any decent explanation, right? He really is bad.
But it's not like there was any reason for Ace to save me... Ugh...
I was the target of a knife throw.
And when he started to fight with Blood...
SCHWING



Just when I think he's talking happily, he gets a scary look all of a sudden.
Me neither ...
Good grief... I can't under-stand how his mind works.

Thank you. I'll be heading back now. Sorry for interrupting you.
THUMP
"If my luck ran out we could've just died together."
And says things that startle me...
.....
He came by here a little while ago.
He's probably lost again somewhere nearby.
Thank you, Julius.

...
Hey.
...sigh...

JOLT!
You can come out anytime.
How long are you planning to stay there?

PAT
PAT
How about it?
shift...

...
IS THIS BETTER?
PAT PAT
Ah, right. Sorry.
I wasn't thinking.
WHOOSH
hesitate
... Hey, Alice.
...!

... Somehow I don't really know what to say.
Hahaha!
That level of poison is almost cute! Peter carries something stronger.
I've even been given it once.
Had to scramble a bit then
You two ...
It's good that I found Ace, but I instinctively hid, and while I thought about calling out to him, he noticed me
SNAP
I got Julius to tell me about that poison.
It's... scary that such a dangerous thing is available.
Hey, Alice.
... Hey-
Do you have a thing for the Hatter?
But it's not like I hid because I was worried my skirt would get dirty.
Maybe I'll start over... But in that case, I don't know how I'd explain coming out here...
... Why do you ask?
Don't answer a question with another question.

I don't know!
Hmph!
So you do like him?
Where do you get that idea?!
!!
Nn...!
THUD!!
Nn...
SLAM!
THUD!!
Nm--!!
Ngh...
THUD!!
Hpp...

JEEZ! WHY DID YOU DO THAT?!
Kh...
papa...
papa...
SHOVE
... Why indeed.

Those two ...?
roll
Do you know what this is?
At this rate, those two will probably tell me off again.
Ha ha!

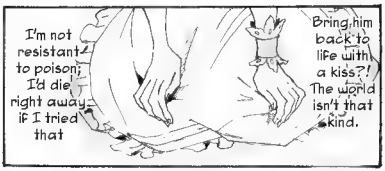
You don't have any resistance to this, and since I have an open cut on My lip now, it will spread quickly throughout My body.
... What are you sayin-
That's ...
SHALL WE DIE TOGETHER?
!!
Usually the juice is made into a fine powder, but the rind is more toxic and effective.
The plant only grows in canyons, so it's difficult to harvest and preserve.
It's primarily circulated as powder, but the fruit itself sells for a high price.
By the way, this just happened to be in a canyon I fell into and-
... You sure are talkative. Even holding something so dangerous.
... And it's "not very knight-like"?
Right.
In fairy tales, princes and knights have the same traits! They don't chatter uselessly, they're brave, and they have to be very lucky.

munch munch munch
URK
drop
wobble
Eh?
Lucky ...huh.
Shall we try it out, then?
Quit joking around.
If you think your acting is going to fool me, well-...
Gah ...!
H.. Hey, Ace...
pant
pant
pant
Ace ...?

If you act quickly to maintain circulation and breathing, there is a possibility of recovery
!!
Is he stable now? One
...his breathing was so rough earlier and he seemed like he was in a lot of pain, but...

When the prince kissed her, Snow White came back to life
Act quickly ...
HIS PULSE IS WEAK!! AND HE'S... NOT BREATHING ?!

I can't return to my original world without it, regardless.
...But I've lost that little bottle.
So I may as well be dead.
CLENCH



I'm not resistant to poison; I'd die right away if I tried that
Bring him back to life with a kiss?! The world isn't that kind.

So why did he ...
I'm not his lover or anything
"Dying together wouldn't be so bad, would it?"

Even if I do die here, no one will mourn.
If that really was a poisoned apple, and if I do die
He has a pulse at least, even if it is weak. But if he doesn't breathe, his heart...his clock will stop.
I've only seen CPR, so I don't understand it very well, but...
THUMP
It's vital that the person he pings not have any cuts near or in their mouth...
I don't or at least, I don't think I do
It would just mean that my luck ran out.
RUSTLE

...past...
Past
Wh-...
Why won't you come back?
Past...
ACE...!
I wonder if I did it wrong after all.
The people here do have clocks instead of hearts, so...
...No, his body is still here.
Maybe I'll still manage somehow
...The Clock-tower is pretty close to here.
JULIUS!
TUPA
GRAB

A-ACE?!
Hey. Morning, Alice.
THUMP
Aah-..!
You ... You're ok?!
I know you're smart, but that was pretty dumb.
IP that had been the real thing, what would you have done?
YOU TRICKED ME?! BUT YOUR BREATHING AND YOUR PULSE...
NAAAH, "PLAYING DEAD" IS MY SPECIALTY!
Even you fell for it
WHA-...! EVEN THOUGH THAT WOULD MAKE PEOPLE WORRY ...
That fruit looks similar, but it isn't toxic and can actually be made into a salve.
